## OBJECTIVE

Using my varied skills and proficiencies, create interactive experiences that are uniquely user-centric.

## EXPERIENCE

### Freelance Web Designer/Developer

Design and program websites, server-side applications, and user front-ends. Philosophy includes adhering to web standards and using semantic mark-up.

### May 2008 - Present

- Bucks E.N.T. Associates
- Spearhead Systems Inc.
- Robert Allan & Associates, Inc.

### Freelance IT Consultant

Troubleshoot problems with computers, identifying virus infections and data recovery, as well as give consultation to clients.

### Sept. 2004 - Present

### Academic Computing, The University of the Arts

Lab Supervisor

Supervised digital resource usage and assisted students in finding solutions to computer-related problems.

### Oct. 2006 - May 2008

Philadelphia, Pennsylvania

### Ciavo Design

Assistant Designer

Worked with Louis Ciavoletta, CEO and Lead Graphic Designer of Ciavo Design. Created alternative designs and adapted the formatting of existing advertisements for web and print.
